24V Heavy Star

Longer life combined with increased robustness

GE imagination at work

24V HEAVY DUTY LONG LIFE lamps by GE for truck drivers. Longer intervals between changes. More economical driving.

- Designed and manufactured to withstand the exacting demands of the professional commercial vehicle market, GE 24V bulbs are the first choice for both the fleet and specialist users.
- In addition to its standard range, GE offers now a range of heavy duty long life halogen and auxiliary bulbs for when the going gets even tougher.
- Thanks to special technology and the newly developed coil design, GE Heavy Star burns longer.
- The increased robustness results in fewer failures and resultant vehicle downtime.
- You can retrofit your fleet with GE Heavy Star headlight and auxiliary lamps and significantly reduce downtime for lamp replacement – improved performance gives less vehicle downtime, lower maintenance cost and lower overall running costs.
- Halogen headlight bulbs available in single boxes, auxiliary lamps in trade packs of ten.
