Automotive Lighting

Sportlight™

Halogen and miniature automotive lamps

because you see things differently

GE Sportlight™ halogen lamps /H4, H7, HB3, HB4/ offer high-performance automotive lighting for visibility, convenience, and style.

GE Sportlight™ headlights feature an advanced blue coating which produces stylish, blue-white light.

They combine the advantage of Superblue (high color temp) and Megalight Plus (more light on the road) while designed to conform to ECE regulation.

brightlight on the go

GE Sportlight™ miniature lamps (P21W, P21/5W, R5W, R10W) produce brighter light than standard bulbs, putting maximum light wherever you need it and making your vehicle more visible to others.

As a result of extensive development activities Sportlight™ miniature lamps provide optimal performance and quality level, are leadfree and E1 marked.
